

Accommodation & Food

The students' residence hall and hostel "Dr. Franjo Tuđman" has over 300 rooms of which 6 are suitable for disabled persons. 278 rooms are double bedrooms and 55 rooms are single bedrooms. All rooms have its own bathroom. There are also 3 kitchens and 10 classrooms intended for learning and socialising, 2 outdoor courts, 1 indoor court as well as 1 excellently equipped fitness gym which offers every guest a possibility of quality recreation.

You can find a charming cafe "Tinel" in the same building, which is perfect for moments of pleasure, along with a self-service restaurant with two self-service lines and a pastry shop. There is a large parking space in front of the building.

For practical necessities, a bank and a mini market are located in the vicinity of the building.

The hostel is perfect for organising conferences, seminars and various banquets.

Due to the proximity of the town centre and quality of its services, the hostel "Dr. Franjo Tuđman" fits right into the tourist map of the region.

About Split Summer School

Summer schools are special programmes organized by the University of Split for the purpose of education, recreation and vacation in Split. The aim of the Summer School is to provide students and young professionals from different countries with experience of multicultural and interdisciplinary learning through one of the seven programmes. Summer school also gives an opportunity to establish various cooperations with other participants and lecturers.

Learning is based on practical examples, visits to companies with interesting lectures of domestic and foreign lecturers. Interesting courses, workshops, panel discussions on various topics are going to be a part of the Summer School.

Brush up your skills in the fields of your interest, build up your knowledge and experience learning in one of the best universities in Europe, with accommodation, food and best programmes guaranteed. Besides all this there is always room for making new friendships from all over the world.

Split Summer School will take place in summer period and for each programme/course specific dates will be defined as well as the price.

Courses will be held in English, exception is made only if all the enrolled participants in the specific course are Croatian language speakers.

Estimated time spent on learning outcomes of the Summer School programme is 60 hours or 2 ECTS points.
